April 2018 – A Time for Renewal and Great Anticipation

April is upon us and what a great time of year! Spring training has ended and all our baseball teams

are contenders for the World Series. March Madness is concluding, the Masters creates another champion (Tiger?), and the spirit of Renewal generated by the Easter holiday all adds up to spring. The smell of the grass and the crack of the bat has always been the signs of a new season with great hope. Many Members hitting balls at our driving range is another sign. All of us at LCC enter the 2018 spring season with this hope and anticipation of our new golf course opening and our upcoming 2018 golf season.

I want to thank our immediate Past President, Tim Brooks, and former Directors Bill Pruter and Mike Potestio for a job well done over these past three years. I want to welcome our new Directors, Lou Ficco, Jr, Tom Gysin, and Pat Shanley, as I know you are committed to LCC and will do great things over these next three years. I especially want to thank the entire Board of Directors and Master Plan Committee for getting the completion of the construction phase of our Master Plan done on time and under budget. The commitment and perseverance by the group has established a template for future projects of the Club to follow.

As of this writing, Lakewood has gone 22 days without rain! It was an unusually

dry winter and that impacts our golf course in many ways. Most notably is the impact to our new greens, tees, and the many other newly sodded areas as part of our Master Plan. I just expressed enthusiasm around our new golf course and upcoming golf season but I must remind everyone that we will not open up the new holes of the golf course until is responsible to do so. ***What this means is that we will not open any holes until it is determined that we will not do damage to any aspects of the new construction.*** I can assure you Chris Swim and his team are doing everything possible to get our course open as soon as possible. Green Committee will be tracking very closely. All LCC Members will receive communication on work that is being done and progress being made. We all made a commitment to concluding the Master Plan and the result will be the crown jewel of golf in our area. Let's all exercise responsible judgement as it pertains to the opening of our new gem.

In the meantime, Lance Scheele and his staff continue to strive to provide a best in class Member experience. Easter Brunch is always a beautiful time for families and friends to gather and celebrate at LCC. Look around and make new friends that could last a lifetime. Stop in the Golf Pro Shop and buy new gear while getting to know some of the new staff. I'm very excited about our golf staff this year and the level of service we will come to expect. Schedule a golf lesson, sign up for all golf events, and practice putting... no, really! Be sure to check our website and the newsletter for upcoming activities. LCC Programs continue to grow with many fun events for all ages.

letter from the president

Finally, I want everyone to know that the sky is the limit for Lakewood Country Club. Our Membership is at capacity with a waiting list throughout the winter that continues into the spring thanks to the ongoing referrals by many Members and the tremendous work by Carol Kaiser. We are financially strong as a result and the Board of Directors and I will continue to direct the Club to maintain this strength.

Let's all get out and enjoy our Club community this spring.

Cheers!

Thomas M. Piercy
President

letter from the head golf pro

With the tournament schedule set and the nice weather approaching, our staff is ready to help provide another great golfing season at Lakewood Country Club.

Sign-ups for the 2018 **Scotch Tournament** will continue through April 5th. Please log on to ForeTees to register your team or call the Golf Pro Shop staff. All entries must be received by 5:00 p.m. on April 5th. Entries for the 63 **Lakewood Tradition** spots will be accepted until May 6th or until filled. Please mark these dates on your calendars.

New merchandise has started to arrive and will continue throughout the golf season. Several new vendors have been selected which we think represents the style and quality you want to wear. Many of the new styles include high-performance fabrics that are wash and wear. We want to remind the Membership that our merchandise is

ticketed at the manufacturers' suggested retail price, however, **Member pricing on all merchandise is then marked down 20%.** We constantly monitor competitors' prices to ensure we are giving you the best possible price and **we always guarantee to meet or beat any other advertised pricing.** Also, please consider the customer service you receive from our Golf Pro Shop staff. We stand behind every product we carry and offer special order opportunities for those hard to find items.

We encourage the Membership to please visit the website (www.lakewoodcountryclub.net) for all of the information pertaining to your Club. Tee times may be made on the ForeTees reservation system, tournament sign-ups are available, and tournament results are posted there as well. **Don't forget you can use the ForeTees APP— one click to make your tee time. If you need help with this, please call the Golf Pro Shop staff at 303-233-0503.** Also, please make sure we have your e-mail address to be included in the information we send out. If you have questions, please call the Golf Pro Shop staff and we will be happy to get you started.

Here are a few course care reminders to ensure pristine playing conditions on your golf course. Please repair pitch marks on the greens, use the sand/seed for divot replacement, rake the bunkers when you finish, and keep carts at least 50' away from greens and bunkers. Please remember rakes should be left **outside** of the bunkers instead of placed inside the bunkers. This positioning will eliminate your golf ball from remaining on the downslope of a bunker.

Aeration Reminder

Aeration will be taking place on April 2nd, 3rd, and 4th, weather permitting. Please call the Golf Pro Shop for any updates during this process. Thank you for your patience.

Handicap Posting

We would like to remind everyone that it is essential to post your scores after every round. Unfortunately, the posting of rounds at Lakewood Country Club has diminished over the past few years. These missing rounds can dramatically affect handicaps and the fairness of Club events.

In order to address this issue, the Handicap Committee will be closely monitoring each Member's number of rounds played (ForeTees) versus the number of rounds posted (GHIN). This automated report will be posted on a regular basis for peer review and the Committee will follow an established escalation process to deal with problem posters.

"Fair handicapping depends upon full and accurate information regarding a player's potential scoring ability as reflected by a complete scoring record. Every player must be responsible for posting all acceptable scores..." – The United States Golf Association

Staying Current in Golf's Evolving Landscape

Change! In an industry as steeped in tradition as golf, change can be a difficult and dreaded word, but one

that is necessary. Relevancy is just one reason we made the change to remodel many of the holes on our golf course, and change should be embraced for the continued success of the game.

As we look forward to the new year and contemplate what the future holds for Lakewood, change is what comes to mind.

The way consumers are engaging with the game has been shifting. The National Golf Foundation's 2017 annual report on participation doesn't paint a great picture (at first glance) with the ever-familiar no growth statistics. However, this year's report included off-course participation – driving range and simulator activities. This report shows a whole new picture on how golfers are spending their time, not just on the golf course.

Look at the recent partnership between the PGA of America and Topgolf. This is a notable example of how the game has adapted to current trends and new generations of consumers. The partnership is a fantastic opportunity to introduce golf to a wider demographic. As we did with updating our golf course by adding multiple tee complex's and promoting a more "play it forward" mentality, we should also consider ways to cater to the Gen X and Millennial golfers.

Private Clubs across the US are evolving, and Lakewood is no different. We are becoming a hub for family activities, both traditional and more unconventional. Clubs are being asked to perform services such as a personal concierge, limo service, dry cleaner, travel agent, kids' activity zone, and business centers.

Amped up spa, wellness and health areas, and providing outstanding services that go above and beyond a typical Country Club are key to maintaining a family's attention. The trend is leaning towards a more social, family focus to be relevant in today's private club industry.

I believe the reverence and tradition around the great game of golf and private club membership should remain a constant, but I think the next 5 – 10 years will bring a more flexible way clubs across the nation are run. This is an exciting time to be in a private club, this is an exciting time to be a Member of Lakewood!

I tell everyone that if I could write, I would get a real job. But in truth, there is nothing I would rather do than be in the golf/private club industry. The game has brought me a lifetime of joy and lifelong friends since I started playing some 20 years ago. I personally can't wait to see what the future will bring to Lakewood Country Club.

It's a pleasure to serve you as General Manager, please let me know if you have any questions or feedback.

Sincerely;

Lance Scheele

letter from the clubhouse manager

April and spring are here, and we still have yet to experience a true Colorado winter, that being said, as we all know with the new course, water is essential for growth, which

is essential for re-opening the newly renovated golf course. Let's hope for some precipitation, as the weather is going to play a major role in the planning of the opening festivities at The Water Hazard and the first hole for the golf course re-opening.

Be on the lookout for a new Member Dining Menu this May. With this new menu, there will be a new twist on cooking methods in the kitchen that will develop a more precise and direct way of preparing specific items (primarily the meats). We will be able to do this with our new sous vide, which allows us to use a cooking technique that utilizes precise temperature control to deliver consistent, high quality results. Sous vide, which means "under vacuum" in French, refers to the process of vacuum-sealing food in a bag, then cooking it to a very precise temperature in a water bath. This technique produces results that are impossible to achieve through any other cooking method. The goal for myself and the staff is to always be looking for ways to improve the Member experience. I hope that the upcoming season will be one that will be memorable not only for the new course opening, but for all dining experiences as well.

We hope the events we offered in February and March brought you out to the Club. Starting out with the **Couples' Valentine's Day Cooking Demonstration** on February 6th. This event was sold out and very much enjoyed, just as the cooking demonstrations always are. If you have yet to participate in one of these, they are offered throughout the year, and you should take advantage of touring LCC's kitchen, getting a cooking demonstration by our very own Executive Chef, Mat Mihalek, and then feasting on the items you just learned how to prepare by following along with your very own cookbook of the class. This year we held our **Valentine's Day Celebration** on Wednesday, February 14th. We hope those who joined us had a nice romantic dinner and enjoyed the live entertainment. This event has become an event that is sometimes well attended and sometimes not, depending on the day that it occurs on, because of this, this event will be discussed in the Programs Committee for revisiting new ideas in 2019. Our first event in March was the **Spanish Wine Dinner** which was a success and sold out. This winter Spanish Wine Dinner featured wine tastings from the most influential wine producing regions of Spain, along with a 5-course culinary feast created by Executive Chef, Mat Mihalek, all inspired by fresh seasonal Spanish ingredients. We hope those who attended enjoyed the evening of food, fun, and fabulous wine! On March 17th, we hosted a **St. Patrick's Day Celebration**. At this event, LCC presented an authentic Irish buffet with multiple carved items and specials on Irish cocktails to pair with dinner. We hope you enjoyed

listening to the traditional and festive bagpipe entertainment. With the decrease in participation we've seen with this event over the past few years, next year we will offer authentic Irish meals as Dinner Features along with the Member Dining Menu.

As always, my door is open to any comments or concerns. Please feel free to contact me at any time.

Welcome back to the Morning Dew. The 'Emerald of Jefferson County' has begun to green up, so a few early notes on what you'll find on the course.

First, I would encourage everyone to go to ForeTees and click on the lower left side, "**Lakewood Turf Talk**". It has a very good explanation of details still required to complete, (Master Plan Spring Expectations), before we can re-open Master Plan construction holes, that I cannot get into here for spaces sake.

Please read thru that passage and we ask for your continued patience until all new greens are opened and the spring weather has allowed us to complete those needed tasks, without play on them, which we hope is "sometime in May". While we are preparing those holes for you, as fast as the greens will allow, here's a few other things we have worked on or are working on:

- Bunker normal restorations scheduled for this spring are #5g, R #9g and away side, L #12g, and #18g. Much winter tree work was completed and some extra time spent on the frontage road American Elms to raise them significantly above the road.
- The Ball Mark Program will continue with holes highlighted on the carts or given to walkers, to spend extra time on that day as you play your round.

- Oh and almost forgot, that special time we all love is near, A-E-R-I-F-I-C-A-T-I-O-N, which is scheduled for April 2nd - 4th, weather permitting. Call the Golf Pro Shop for any updates on this necessary evil and we again will need the aerification cores to re-grow the Club's green nursery between 16/18 south, since all nurseries were completely used up during the Master Plan green expansions and project.
- One more thing, if you don't already know, we have mounted a camera for a live view of the course. It is located on **ForeTees**, on the bottom left side under **Turf Talk**, once on **Turf Talk**, go to the lower right side and select **Live Camera**. It should ask you for a user name and password which is lccmember for each. Select save this password and you can check on the course anytime, from your tablet, computer, or phone. You might even catch one of your golfing group practicing on the east putting green and can text them some putting advice or get a fairly good look at the 18th hole for Championships or *Sliceroo*.

I am looking forward to this season in particular and the grand re-opening of all 18 holes, believe me, as fast as possible but not before they are ready. As always, thank you for remembering to fix your ball marks and replace your divots.

See you around the course,

Chris Swim

Spring is FINALLY here! It is now time for beautiful sunshine, great golf, and wonderful spring merchandise to start rolling in. Throughout the 2018 Golf Season, you will notice a couple of new golf apparel lines being introduced into the Golf Pro Shop.

For the gentlemen, Greyson Clothiers is a modern lifestyle collection that combines fashion with sport. Their principle is to succeed in style while focusing on the unprecedented performance, intelligence, and strength of their products. With their innovative designs, Greyson Clothiers redefines golf and activewear with fresh prints and colors.

Daily Sports has become one of the most successful golf brands in the world for women. They succeed by creating the most attractive and sought-after clothing for women who are passionate about playing golf. Their apparel is known for their unbeatable fit, attention to detail and high level of fashion. The miracle skort/short/pant is a must have! The ultimate pro-stretch fabric makes these particular bottoms undeniably comfortable for golfing, walking, shopping, and even traveling.

There are several reasons to always do your shopping at your Lakewood Golf Pro Shop. We beat any competitor's price as long as it does not go below cost or the manufactures pricing policy. We have everything you need at Member pricing, plus we stand behind each and every product we sell and so do the manufactures that we do business with. If a product you purchased with us becomes damaged during the normal course of use or play, we know the company will repair the issue or replace the item.

I am always here to serve you, so please be sure to stop in the Golf Pro Shop to see me for anything you need to enhance your golf wardrobe; When you look good, you play well!
